

Contract Logistics

Hytech Logistics offer a broad range of Logistics Services catering for the needs of National and Multinational Companies. We manage your order fulfilment, inventory and return processes, allowing you to focus on sales and other core activities.

- » **Contract Logistics:** Receive, Store, Order Fulfilment, Kitting, Assembly, Repackage
- » **Inventory Management:** Production Parts, Engineer Spares, Consumables, 24/7 Inventory Call-Off, Webportal
- » **Vendor Managed Inventory (VMI):** Process set up and independently managed
- » **Domestic Distribution:** 32 County, Nextday, Sameday, ADR Licensed
- » **Reverse Logistics:** Product Reversal, Full Traceability
- » **Recycling:** Product Disposal, WEEE, Metal & packaging

“During our 10 year partnership, Hytech Logistics have provided many varied services for VWR International. These services range from supplying and managing warehousing and driving staff, to storage, ‘pick and pack’, inventory management, domestic distribution, and imports and exports by air. This strategic partnership with Hytech Logistics provides us with a team on both sides.”

Terry Russell, Director of Operations, VWR International
